In modification of approval given by the Board of Directors at its meeting held on July 24, 2020, the Board at its meeting held on January 27, 2021 has revised Advanced Materials Project by deferring Project for Wet-wipes and Bleach-cotton product lines at Kutch District, Gujarat and Rangareddy District, Telangana. Accordingly, cost of project to be set up as per revised approval is Rs. 299.60 Crore. The Board may take up project for remaining product lines for discussion at appropriate time. The proposed capacity of Spunlace is around 17,729 MTPA and for Disinfectants 33.50 million packets per annum. These projects will cater to demand in domestic as well as international markets, not limited specific countries. The commercial production for remaining product lines viz.
